

Experiential Learning Final Written Reflection Prompts

Overview:

(Provide a brief overview of the Experiential Learning course activity completed this semester). As reflection is a vital component of the learning experience, you are going to spend today reflecting on your work related to the XXXXX project/assignment.

Task:

Your job is write **at least 6 sentences in response to each one of the following prompts.**

Provide a title heading above your response to each prompt as part of this reflection activity.

Prompt #1: Did you develop new understandings of your topic as a result of this activity? What about your values and perspectives? Did this activity challenge your perspectives? If so, how?

Prompt #2: Did you take the initiative for this activity? If so, how? What decision(s) did you make with respect to the activity? How were you held accountable for completing the activity?

Prompt #3: Did you experience growth intellectually, creatively, emotionally, socially, or physically as a result of this activity? Please explain how this activity helped you to experience this growth? Were there any unexpected challenges or problems? If so, how did you overcome them?
